

Children's Hospital Foundation Innovative Board Application

The Children's Hospital Foundation Innovative Board ("iBoard") is made up of 20 young professionals between the ages of 24-35 and meets on the 4th Tuesday of each month at the Children's Hospital Foundation office in Oklahoma City. The purpose of the iBoard is to establish a broad representative committee of young professional adults to expand the base of devoted volunteer support for Children's Miracle Network Hospitals in an effort to increase and enhance community awareness and the fundraising efforts benefitting Children's Hospital Foundation.

The mission of the iBoard is to engage young professionals in order to create awareness and raise funds for the Children's Hospital Foundation so that the children of Oklahoma continue to receive world-class medical care.

Board members will have the opportunity to develop skills that they may not have the opportunity to develop at their job while also utilizing other talents, build a professional network from a diverse array of backgrounds, and learn what it means to be accountable for Oklahoma's sick children.
